

*Dear Bride and Groom,*

To ensure that I am best able to capture your special day in a way that is as unique as the two of you are, I ask that you complete the following questionnaire. I find that the more that I know about you and your individual styles, the better I can go about doing my job of capturing the essence of your wedding day. I look forward to being your photographic artist, capturing your memories for generations to come.

Best Regards,

Christy Transier Jonas
